

I Am Waiting for My Mother!

Please don't touch me.

Someone has already gotten advice from Toronto Wildlife Centre about me, and will be checking on me periodically while I wait for my mother to come back and pick me up. She can take much better care of me than you can.

If you have any questions or concerns, please call Toronto Wildlife Centre at 416-631-0662, or consult our website at www.torontowildlifecentre.com/help
